Chico is home to California State University and the 3,670-acre Bidwell Park, the largest municipal park west of the Mississippi River. The city of 70,000 has a thriving downtown section with well-known murals and art galleries.

Attractions available in Chico:

Bidwell Mansion 525 The Esplanade (530-895-6144) Open Tues - Fri 12pm - 4pm, Sat. & Sun. 10am - 4pm. The 1868, 3-story Italian villa is decorated with Victorian furnishings. Admission for tours is \$4 per person 18 years of age and over, \$2 for ages 5-17. (Allow 1 hour for the tour.)

Honey Run Covered Bridge (allow 1/2 hour to visit bridge)

Travel south on Hwy. 99 three miles to the Skyway exit. Travel east on Skyway to Honey Run Rd. Turn left on Honey Run Rd. and travel 4 miles (15 min. drive from Chico.)

Built in 1894, the Honey Run Covered Bridge is the only three-level covered bridge in the nation, and one of the few covered bridges left in California. It spans Butte Creek at the base of volcanic cliffs. There are picnic spots near the historic bridge. Picturesque Honey Run Road was constructed in the 1880s. Throughout the area, you'll see expertly formed rock fences made by the Chinese without mortar, still standing after more than a century.

 After exploring the bridge, drive back down Honey Run Rd. to the Skyway, turn right onto the Skyway and continue one mile to Hwy. 99 south, then take Hwy. 149 (Butte College exit) south to Hwy 70. Follow signs to Quincy traveling north on the Feather River Scenic Byway (Hwy. 70) to Quincy (80 miles, 2 hours.)

 The **Feather River National Scenic Byway** offers spectacular views of the canyon and the river. Fall colors and spring wildflowers make these seasons especially good for touring the byway. The

The Tobin Twin Bridges -- where railroad crosses over highway -- are among attractions along the Feather River National Scenic Byway.

The small town of Quincy, at the northern edge of the Sierra Nevada.

canyon is an awesome gorge carved by river through granite, continuing up into forests and meadows. The human additions of highway, railroad and powerhouses are amazing feats of engineering in their own right.

Notable attractions along the byway include three drive-through tunnels, the Tobin Twin Bridges, the Bucks Creek Powerhouse, the Eby Stamp Mill and the famous Keddie Wye – the only train trestle of its kind in the world.

Arrival in Quincy

Quincy, the Plumas County seat, is nestled against the western slope of the Sierra Nevada and tucked at the edge of lush American Valley. The four-story courthouse building on Main Street is the county's most dominant and impressive structure. Quincy's historic downtown buildings feature browse-worthy shops and murals.
